Now believe that Ras Burk the negro who was convicted at the spring term of the district court, of burglarizing the residence of Dr. Hiviere, and whose sentence of five years imprisonment was recently affirmed by the appellate court, is innocent of that crime, and that Warner the negro who was arrested a few weeks since for wholesale burglary is the man that committed it.

Tobacco at the Paris Exposition.
Official advice just received from Paris, declare that J. Lorillard & Co., successfully carried off the highest award given to any tobacco exhibitor, viz: "The Only Grand Prize—a Gold Medal—for the superior quality of their 'Fin-Tig,' plug tobacco, fine-cut chewing tobacco, smoking tobacco, and snuff." Some twenty-eight American firms, as well as the principal houses of Europe, were their competitors.

Another Nominee Declines.
Seeing in the EXAMINER of yesterday morning that the greenbackers had nominated him for alderman in the Second ward, Mr. P. Lyons called yesterday to say he would not accept a nomination from that party. "I am, said he, a member of the republican party, and am not so inconsistent as to accept the endorsement of the greenbackers; and besides, my business is such that I could not serve if elected, and for these reasons must decline to run." The G. B.'s seem to have much trouble finding men who will accept their endorsements.

Having read the advertisement of Dr. McDaniel's Celebrated Vermifuge, and resolved to give it a trial, too many are prone to ask their druggist simply for "Vermifuge," and having a cheap imitation of the original, palmed off upon them, become disgusted. Always make sure of the words "Fleming Bros., Pittsburgh, Pa." on the label, and you will find a remedy more valuable than gold.

As Matters
Now stand in Falls county, the men holding certificates from the county judge, as officers elect, are, with one exception, all democrats, a canvass of available returns having left the greenbackers in the minority. Judge Stewart, found on examining returns from the several voting places that the judges of three boxes—Reagan, Cedar Grove and Landrum—had returned three packages, all tightly sealed and unaccompanied by any list of votes. These packages are supposed to contain the ballots of the three voting places named, but Judge Stewart, we understand, holds that the law requires that election results shall be ascertained from the lists made out by the judges, and forbids the opening of any package containing ballots for one year after the election. On these grounds he refused to open the packages. Leaving them out, majorities were shown in favor of the following named gentlemen, each of whom now holds a certificate of election: Sheriff, Sam Reid; county clerk, Moses Curry; district clerk, Jesse Scruggs; county judge, E. C. Stewart; treasurer, W. L. Pattillo; county attorney, Ben Rice; assessor, L. B. Barton; inspector, T. J. Reid. Mr. Barton is a greenbacker. All the rest are democrats.

Pope, is greatly pleased with the progress the cadets are making, both in general study and drill.

An Arm Broken.
Jimmy Tice, aged ten years, a son of J. Tice of this city, was riding down Fourth street in a two-horse wagon yesterday afternoon when the team became frightened at a couple of school boys who were fighting in the street and ran away. Young Tice jumped from the wagon and in doing so had his left arm badly broken just above the wrist. He was taken to Womack's drug store where Dr. Cook attended to the injured member.

Another Fire in Marlin.
The frame building belonging to Godfrey Elmer and occupied as a grocery store, bar and ten pin alley, by Mr. Helling, on Live Oak street, in Marlin, was discovered to be in flames at 1 o'clock yesterday morning. The firemen turned out with their engine and succeeded by the hardest work in saving the two adjoining buildings, but to save the one in which the fire originated was impossible, and it soon burned together with all its contents. Mr. Helling's loss is estimated at from three to four thousand dollars, and Mr. Elmer's at eight hundred dollars. The property was uninsured. It is believed the house was intentionally fired by some hidden enemy of the owners.

The funeral took place at 4 o'clock yesterday afternoon from the residence of Mr. John Feldhake, on North Seventh street, Rev. P. von Schuembach, pastor of the German Methodist Episcopal church, of which the deceased was a devout member, officiating. The deceased was a member of the stove and tinware firm of Feldhake & Pfeiffer, and has ever borne the reputation of an honest, energetic and reliable business man. His untimely death is deeply deplored by all who knew him.

Here and There.
Mr. J. H. Barnes, chairman of the greenback club of this city, chairman of the late greenback city convention, and recently a candidate on the greenback ticket for justice of the peace of this precinct, has gone squarely back on the G. B. party. The party, he says, is split up into factions and he will no longer have any thing to do with it.

Students of Geology will find in the large flat stones on some of our side walks, the greatest number of well defined fossils, such as shells, fishes, bones, tracks of birds and animals, leaves, etc., all of which are as old as Methuselah or older. These stones were taken from a quarry in the western part of McLennan county.

A negro woman yesterday attempted to obtain money from Pardee, the pawn-broker, on a fine white shawl, but was refused. The shawl is believed to have been stolen. S. C. Pardee, the pawn broker, whose arrest on a charge of receiving stolen property, was noticed in yesterday's EXAMINER, was admitted to bail in the sum of one thousand dollars. He is charged with having received from a negro woman a watch that was stolen from Capt. Tom Dugelby several weeks ago.

Wanted—to complete our files, a copy of the DAILY EXAMINER, of June 7th, 1878. The friend who will send us a copy of the date mentioned will confer a great favor. These chilly nights the "bachs" turns in, and, underneath the sheets, while sighing for the "night have been" this mornal prayer repeat:

On us, your unworthy ones,
Who, from the error of his ways,
Would turn the very right.

A Call.

Editor Examiner:
Believing, as we do, that the time is near at hand when the people of this city should exercise good judgment in the selection of men for municipal office, we most respectfully suggest the name of R. D. Compton for alderman to represent us in the city council, and urge this our call upon him to become a candidate. We have entire confidence in the man, and feel that his large experience in municipal matters would prove vastly beneficial, not only to the Third ward, but to the entire city.
